

## 2 REGIONAL PROJECTS

2014 - 2017

Albania – Kosovo – Macedonia

Bosnia and Herzegovina – Montenegro - Serbia

## Entrepreneurship Learning

Cooperation School and world of work  
– example tourism sector

**Both** projects build on previous regional projects in partner countries

**Both** themes are priorities in the partner countries

**Both** projects will multiply the regional experience at national level and build on added value of sharing national experience regionally

### Entrepreneurship Learning: AL-KOS-MAZ

Previous EConet – established Training Firms

A new approach in teaching at that time

New project: further new learning approaches for EL and focus on cooperation with businesses

- Training of 16 Trainers (Multipliers)
- Networking and exchange of experiences
- New training and co-operation approaches
- Development of a training curriculum
- Tool kit of teaching/learning materials
- Trainings in over 100 schools in the three countries
- sharing of best practices in co-operation between schools and companies

### **Cooperation school and world of work in the field of tourism: BiH-MNE-SER**

Build on the results of the former project tour.reg (2007 – 2013) – modern and practice oriented training in the tourism sector

Increasing quality in school and company based practical training

- Enhancing the flow of information between companies and schools on internships: three national Web portals
- New profile for school based coordinators of internships in businesses
- Enhancement and development of knowledge and competences of these co-ordinators
- Establishing sustainable partnerships with businesses
- Co-operation with the business sector as part of school based quality management
